

Instantly (yes, really!) Turn Any Photos From Your Camera Or Computer Into Incredible Emotion-Packed Products.

Unlike any other photo site, RocketLife is truly No Commitment Required - we don't need to hold your pictures or information hostage!

Try it out today & see for yourself!

Instantly start playing with your photos – no upload, no email address, no login required. RocketLife is so fast, it truly is “**Easy as 1,2,3**”.

- 1 Visit RocketLife.com and click the **Launch button to get the RocketLife software**
- 2 Click “**Start a New Project**” and choose a **directory of your favorite photos**
- 3 In seconds, **RocketLife has already created spectacular products with your photos!**

Then just pick something from the catalog, and presto – your photos appear on your own amazing creations, ready to order!

Real Power Under The Hood

RocketLife features exclusive patent-pending technologies that make intelligent design and layout decisions, turning the usual hours of frustrating work on products like photo books into a few minutes of fun.

- ▶ High-performance Rocket Engine features layers of graphics, photos, text with lighting, drop-shadows and more
- ▶ Smart Arrangement Technology automatically groups related photos together
- ▶ Best of Breed Theme Effects including automatic background photo tint, blur, lighting and textures
- ▶ Aspect and Resolution Independent layout engine automatically fits your creation to any product
- ▶ Real-time Rocket Engine product preview always shows exactly how your creations will look

Fast, Fun, Creative - And Easy!

RocketLife's unique Digital Merchandising Technology instantly launches you into browsing and creating spectacular products.

- ▶ Pick any size or type of product – even Photo Books – without having to start over. The RocketEngine takes care of everything!
- ▶ Drag-and-drop in-place editing makes product customizing fast and fun
- ▶ Elegant professionally-designed one-click theme layouts and graphics
- ▶ Freely move, size and rotate your photos, mix design elements, add elegant titles and text
- ▶ Simple and powerful photo retouching with red-eye removal, blur, tint, rub-through, etc.

Unique Real-Time 3D Digital Merchandising

You can actually see your images move around the product...like magic!

Smart Arrangement Technology

We'll lay it all out for you...you'll wonder how we did it!

Advanced Theme Technology

Our Themes and placeable graphics are amazing! You'll want to try them all!

Real-time drag-and-drop editing

Technology so cool and fun, we've been told it's addicting!

Integrated Online Ordering

We handle everything.
